Catalog Number

47320-44-010

Ferrule, for use with two-piece, tubing connectors for 1/8 inches PEEK Tubing. Universal single cone. PEEK. ARE-Applied Research brand. 10/PK.

Additional Info

Universal single cone ferrules for 1/8" PEEK tubing are designed for precision fluidic applications requiring reliable tubing grip and dependable sealing performance. These ferrules are compatible only with low pressure 1/8" PEEK tubing connector nuts using standard 1/4 28 screw threads.

The 47320 44 010 (10/Pack) single cone ferrules are engineered to securely compress onto 1/8" PEEK tubing at a single location for dependable tubing retention and leak free connections. The flangeless connection design helps prevent tubing slippage during operation.

Manufactured from high performance PEEK (Polyether Ether Ketone), these ferrules offer excellent chemical resistance and mechanical durability for demanding laboratory environments and fluid transfer applications.

Key Benefits

Universal single cone ferrule design
