PRODUCT SHEET

MICROSOLV
TECHNOLOGY CORPORATION
HPLC Columns and Chromatography Accessories

Catalog Number

49312-T06

CUSTOM ITEM: Union, Connector, Tee, low pressure, barbed for 1/8 inch tubing. Polypropylene. ARE-Applied Research brand. Bulk Price.

Additional Info

Low pressure polypropylene Tee union connectors are designed for connecting flexible tubing in laboratory fluid transfer systems requiring dependable low pressure flow distribution. The Tee configuration allows fluid flow to be split into multiple directions or combined from separate flow paths into a single outlet stream.

The 49312 T06 Tee connector features three barbed fittings designed for 1/8" (3.2 mm) ID tubing, providing simple push on installation and dependable tubing retention in laboratory applications.

Manufactured from chemically resistant polypropylene, this Tee connector is suitable for low pressure laboratory and HPLC applications requiring reliable flexible tubing connections.

Key Benefits

Tee configuration for flow splitting or combining

Three barbed fittings for 1/8" tubing
