Catalog Number

47305-55

Tubing, PEEK, 0.055 inch (1.4 mm) ID, 1/16th inch (1.6 mm) OD, HPLC grade, black stripe, 5 meter roll, ARE-Applied Research brand. 1 EA.

Additional Info

This HPLC grade PEEK tubing is manufactured from virgin PEEK material without processing additives for chromatography applications requiring chemically resistant fluidic pathways and low extractables.

The 47305 55 tubing features a 0.055" (1.4 mm) ID with a 1/16" (1.6 mm) OD. The black stripe is applied only to the exterior tubing surface, while the internal flow path remains natural virgin PEEK to minimize potential color leachables.

Due to the very thin wall construction, this tubing should be handled carefully to help prevent kinking or deformation during installation and use.

Tubing is carefully cut for length consistency for HPLC and LC MS fluidic applications.

Key Benefits

Virgin PEEK tubing construction
