PRODUCT SHEET

MICROSOLV
TECHNOLOGY CORPORATION
HPLC Columns and Chromatography Accessories

Catalog Number

95025-CRIMP

Crimping Tool, for 20mm, Plain, Aluminum Headspace Caps. Black handles. Hex adjustment key included. 1 EA.

Additional Info

Chemical resistant coating makes these manual crimpers a great choice for laboratories. Adjustable height crimping jaws are made of a special, hardened alloy that produces a long life.

The height of the crimp is easily adjusted by screwing up or down the pressure block in the crimping head with the supplied hex key.

The maximum crimping pressure is controlled by the adjustable screw in the handle.

Not recommended for pressure relief (tear off seals) or all steel crimp caps.
