PRODUCT SHEET

MICROSOLV TECHNOLOGY CORPORATION
HPLC Columns and Chromatography Accessories

Catalog Number

97010-CV25

Vials, Push Top, Storage, Glass, Clear, 25ml. Economical, with ND22 tops. For use with Econo-Storage Push Top Caps. BASIK Brand. 100/PK.

Additional Info

Provide a convenient and economical solution for larger volume storage with push top vials designed for routine laboratory use.

97010-CV25 vials are manufactured from 3rd hydrolytic glass, offering a cost effective option for laboratories that do not require analytical grade materials. The push top “ snap ” design allows quick opening and resealing, making these vials ideal for frequent access and general storage applications.

These vials have an approximate total fill capacity of 27 mL and are designed for use with Econo Storage push top caps (Cat. No. 97010-SC22, sold separately). The ND22 opening provides a wider access point for easier filling and handling. These vials are not compatible with crimp caps and are not intended for analytical testing, making them best suited for storage applications where cost and convenience are priorities.
